The Horse Riders Treatment

An indulgent leg treatment to reduce swelling and relive tired muscles.

Firstly, your legs will be treated to a deep tissue massage to work out any tension. Soothing cool towels will then be applied to your legs and to finish off this treatment, we massage the luxurious Lychee & Chestnut Firming cream to your legs. The delicate lychee fruit helps relieve tired, swollen legs while horse chestnut and butchers broom work together to improve circulation and stimulate the skin while effectively reducing signs of varicose veins. With this immuno boosting leg cream you will be able to get back on the horse and ready for another hack on the beautiful grounds of Castle Leslie Estate...A horse riders heaven.
