- Fireworks are not permitted on the Estate due to a number of important reasons. The Estate is home to our 'equestrian friends' and a wide variety of wildlife. Fireworks are not considered healthy for the environment. We take sustainability very seriously at Castle Leslie Estate, and fireworks release a host of contaminants that affect air quality and can contribute to climate change. The materials fall to the ground and can get in the soil and water too. We also have great respect for our neighbours, and indeed their pets, who live in Glaslough village, whom we are always mindful of.
- Your wedding day is one of the most important and special days of your life. This occasion can also turn out to be an expensive one. We would strongly advise you to consider taking out wedding insurance to ensure your big day is fully protected. Wedding insurance can provide you with some peace of mind in the unlikely event of circumstances occurring in the future where your wedding could not proceed due to reasons beyond your control such as illness or injury or a force majeure event.
